

Important information

Dear residents:

Puerto Aventuras is one of the most beautiful places to live or visit, however, like everywhere, it has virtues and problems. For that reason and trying to make our community a better place, we want to let you know 3 of the most recurrent and complained problems in Puerto. We believe that if everyone who lives here makes an effort, we could solve them as a civilized society.

1.- Garbage on the streets

Puerto Aventuras is a fresh and beautiful place, however this freshness is stained every morning with images like this; which starts to generate harmful fauna.

This problem is due to the absence of **garbage compartments** to hold the can in many houses, or people don't put their garbage in it correctly. Other reason is that people put their garbage out since one night before, which is not recommended as animals break bags and spread garbage. At this point, it's important to say that Municipal garbage collector truck picks up the garbage in the morning.

Solution:

1. Construct a **garbage compartment** with 4 walls and a cover to avoid animals to flip it and spread the garbage.
2. Put your garbage out in the morning between 7 to 11 am.
3. Recycle more (Colonos collects this material Monday, Wednesday and Friday)

2.- Speeding

This is an everyday issue in our community. Speed limit in Puerto is 30km/h (19 mph), however most of people don't follow the rule and believe it or not, we have had accidents in Puerto Aventuras, fortunately nothing serious:

Plus, drivers texting or on the phone while driving. If we keep in mind golf carts which are driven without lights and under age driving imprudently, our problem becomes bigger. Other thing to keep in mind is that Puerto was developed without prevision of pedestrian sidewalks and for that reason, not to abiding speed limit doubles the risk.

Solution:

1. Take your time to go out of Puerto Aventuras, foreseeing 10 minutes at least.
2. Carpooling in the morning. This helps to reduce traffic in the college area.
3. Minors of 16 years must not be driving.
4. Talk with your neighbors when you see them exceeding speed limit. Let's avoid more speed bumps.
5. Report to security vehicles which exceed speed limit.

3.- Pets

Everyone knows that pets are one of the best friends that we could have, however if you don't take care of them, they can bother others. Almost every day we receive complaints about unleashed dogs, dog waste on the streets and golf course or dogs locked in houses barking all day long.

Solution:

1. Walk your dog twice a day at least to minimize its stress. Keep in mind that you have to walk it leashed all the time.
2. Have bags when you walk them to pick up their waste.
3. Do not use golf course to walk them, this is a private property.
4. Demand your neighbors to abide by the rules.

The problems exposed previously are the most common problems in Puerto. These problems are due to a lack of culture on owners behalf. We strongly believe that if everyone makes an effort, these problems could be solved. If you keep in mind our suggestions and push your neighbors to abide by them, you will realize that it's not very hard to do things in a good way and make of Puerto Aventuras a better place to live.

SINCERELY,

ASOCIACIÓN DE COLONOS DE PUERTO AVENTURAS
